Taurus Series Skid Mounted Booster Systems

All Stainless-Steel Booster Pre-Packaged Systems

The Taurus Series :

Unmatched Water Pressure

Management

Aqua Pro Pump Systems proudly introduces the **Taurus Series Skid Mounted Booster Stations**, designed for reliability, efficiency, and long-lasting performance.

These stations are ideal for large residential, commercial, and industrial applications. combine advance control with durable components to deliver consistent water pressure.

Intelligent Control :

Aqua Pro Pump Systems IVFD Controller

The **Aqua Pro Pump Systems IVFD Controller** provides precise pump control by adjusting speed to maintain constant pressure and flow. The Taurus series is designed to optimize energy use and comes pre-programmed to your specific needs, ensuring seamless operation.

Complete Packaged Pressure Booster Systems

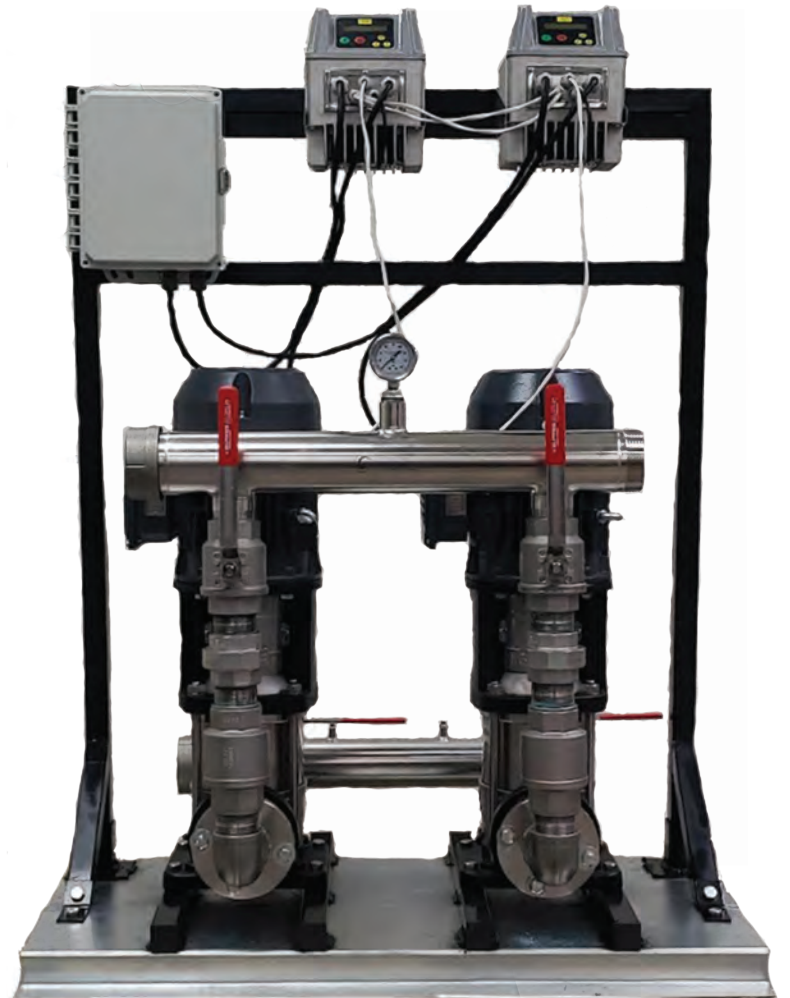

Built with quality in mind, the Taurus Series Skid Mounted Booster Stations feature stainless steel construction for maximum durability and corrosion resistance. Designed for a wide range of applications, these systems ensure reliable operation and long-term performance.

System Features :

- Stainless Steel Vertical Multistage Pumps
- Stainless Steel Headers and Valves
- Galvanized-Steel Base
- Pressure Tanks *(As Needed)*
- NSF61 Approved Components

Key Features :

- Energy Efficiency
- User-Friendly Interface
- Pump Protection

Why Choose the Taurus Series?

- Pre-Programmed for Convenience
The IVFD controller dynamically adjusts pump speed to ensure smooth and stable water pressure.

Easy Installation & Tablet-Based Control :

Installing the Taurus Series Booster Stations is simple:

Installation : Designed to fit through a 36 door Plumb water in and out, connect power to the single point electrical control box, and energize the system. Each system is pre-configured, ensuring fast setup.

Tablet-Controlled Adjustments :

pre-loaded with our app, allows for easy configuration and adjustments through wifi connection.

Taurus Series Skid Mounted Booster Stations

Advanced Water Management Solutions

Model	Taurus7075	Taurus15050	Taurus20050	Taurus25050
Max Flow (GPM)	68(136)	123(246)	150(300)	210(420)
Max Boost Pressure (PSI)	85	54	54	78
Design Point	70gpm @ 75psi	150gpm @ 50psi	200gpm @ 50psi	250gpm @ 50psi
Pump	VMI10-4	VMI15-2	VMI20-2	VMI32-2
Suction	3"	3"	3"	4"
Discharge	3"	3"	3"	4"
HP	3	5	5	7.5
FLA @ 230v/3ph	7.2	11.9	11.9	17.48
Controls Enclosure	NEMA4X/IP55			
Tank (Adder)	14	30	40	50
Base	Galvanized Steel			

System Specification :

- **Max Capacity :** 250 GPM
- **Max Boost Pressure :** 82 PSI
- **Operating Pressure:** Up to 150 PSI

• Suitable Fluids :

Non-corrosive non-flammable liquids, including potable water.
